Segmental Review

Genera

Group revenue for the nine months ended 30 September 2025 amounted to Rs5,963M, representing a 2% decline compared to Rs6,089M in the prior year. Lower revenues in the Building Materials and Contracting segments were nearly offset by growth in the Lottery segment.

The Group's operating profit for the nine months ended 30 September 2025 increased by 22% to Rs359M (Sep 2024: Rs295M).

Building Materials Segment

Operating profit of the segment increased by Rs103M to Rs281M (Sep 2024: Rs178M). This rise is mainly attributable to operational discipline and effective cost management. The segment remains impacted by rising costs and volatile exchange rates.

Contracting Segment

Revenue for the nine months ended 30 September 2025 declined by Rs275M to Rs2,846M (Sep 2024: Rs3,121M), and operating profit decreased by Rs30M to Rs32M (Sep 2024: Rs62M). The lower results reflect the completion of large building and infrastructure projects, coupled with the adverse impact of rising labour and material costs.

Lottery Segment

Revenue increased by Rs179M to Rs1,228M for the nine months ended 30 September 2025 (Sep 2024: Rs1,049M) and operating profit increased by Rs35M to Rs136M (Sep 2024: Rs101M).

The improved performance was driven by higher aggregate jackpots of the Loto game which increased ticket sales. The successful launch of Loto Vert 2nd Draw and Hot Picks in the last quarter of the previous financial year also contributed to additional sales.

Real Estate Segment

Revenue for the nine months ended 30 September 2025 was slightly higher at Rs31M (Sep 24: Rs30M). Operating profit was lower by Rs4M at Rs15M (Sep 24: Rs19M) due to start-up expenses incurred on the Ovelia project in Ebene. The Ovelia project is in its marketing phase with the sale of premium residential apartments ongoing. Construction works are going to be launched in December 2025.

Associates and Joint Ventures

Morning Light Co. Ltd, an associate entity engaged in the hospitality sector, reported a loss after tax for the nine months ended 30 September 2025. The loss was significantly lower compared to the same period last year. Revenue was higher and an operating profit was generated compared to an operating loss last year.

Associates and Joint Ventures (continued)

Jasiri Investment Ltd, an associate company engaged through its subsidiaries in the financial services industry, reported a slightly higher profit for the nine months ended 30 September 2025 compared to the same period last year.

Gamma Materials Ltd, a joint-venture entity engaged in the building materials sector, posted lower results for the nine months ended 30 September 2025 compared to last year due to slightly lower demand and higher depreciation charges.

LudWin Group SAS, a foreign joint-venture entity engaged in providing software and technology to lottery operators in Africa, reported a smaller loss for the nine months ended 30 September 2025 compared to same period last year.

CIMAD Holdings Ltd, which owns Alpha Ciment SA in Madagascar, reported a consolidated loss for the nine months ended 30 September 2025. Alpha Ciment SA reported an operating profit compared to an operating loss in the same period last year. This major improvement is on account of improved operational efficiency, as well as favourable external factors.
